

IDPA Introductory Class

Come learn about the exciting sport of International Defensive Pistol Association (IDPA) shooting. IDPA is the use of practical equipment to solve simulated real world self-defense scenarios using practical handguns and holsters that are suitable for self-defense use. The main goal is to test the skill and ability of an individual, while simulating self-defense scenarios and real life encounters.

IDPA offers an exciting forum for practical shooters in which equipment, techniques and courses of fire are mandated. This is a fun, fast-paced, timed, live-fire sport concentrating on safety.

Saturday, April 20, 2024

9:30AM – 2:00PM

**Sportsman's Club of Franklin County (SCFC)
